

Town of Carlisle Vision Plan Charette Scheduled

For Immediate Release: Tuesday, July 29, 2024

The Town of Carlisle Comprehensive Plan provides a framework for developing the Town of Carlisle into a vibrant, close-knit rural community that serves as the Gateway to the Sumter National Forest and provides diverse economic opportunities and housing choices for all ages. **Community input is sought on how residents want to see the community grow within the next 10-20 years. Input on housing types, number of housing units, downtown development, commercial areas, and new community facilities being considered will be presented, and the community will be asked if they support or do not support the ideas. Community Viz Modeling Software will be used to show how some of those changes could look.** Residents, property owners, businesses, civic groups, and other stakeholders are invited to participate in a multi-agency, multi-day charette process.

The public charette portion will be held on **Thursday, August 15, from 4 to 6 p.m. and Saturday, August 17, 2024, from 10:00 AM to 12:00 PM at the Carlisle Town Hall located at 3911 Fishdam Avenue Carlisle SC, 29031. Food will also be distributed during the public charette portion on Saturday, August 17, 2024.** The attendees at the open-house meeting will be asked for their input about what they like about the town, what they would like to see in the town, where they would like to see commercial and industrial/light industrial uses, whether they want a downtown and new housing, if they like the new housing choices, what types of community facilities they would like to see, how the public amenities can meet existing and anticipated community needs and contribute to the vitality of the area. A modeling expert will also be available to show how some uses may look in the community.

Public comments will inform the Comprehensive Plan Committee about which ideas have support, identify new ideas to consider, and identify public concerns.
